ARRIVALS. BY GILMER & SALISBURY'S HANILTON LINE James Leffingwell DEPARTURES.

BY GILMER & SALISBURY'S HAMILTON LINE Chas Meyers Ned Shunk

Ned Shunk Miss Ida Gorin I, Woldenberg

TES LATEST. -General Lamar, one of the Committee who visited Louisiana to investigate matters, telegraphs that Louisiana has gone largely Democratic, that the Republicans want to throw out some Democratic parishes, and if this be done the State will still be 1,500 Demoeratic. The Associated Press dispatches also appounce that Florida has gone The latest from San Franuseo is to the effect that positive proof before Governor Irwin that 2,500 Democratic votes were taken from the to boxes in San Francisco, and that they were replaced by 2,500 straight Republican votes, and for that reason he has retused to sign any certificates of

Tue Salt Lake Herald of the 11th says that on the morning of the 10th inst., between 7 and 8 o'clock, just as the coach was leaving Park City for Salt Lake, John Wright, a Mexican gambler, recently from Pioche, and a negro bar-ber, were shot and killed by "Tex," pro-prietor of the "Collar and Elbow" saloon, a hurdy-gurdy house. The trouble stose over a game of cards. All the paries are said to have been rough charac-"Tex" gave bimself into the custody of the officers for examination.

On a TRIP. - Our Postmaster, Charley Meyers, left Pioche yesterday for a trip to San Francisco, Virginia City, thence back to Pioche by way of Salt Lake City. He will probably be absent a month. During his absence J. F. Halock will attend to the Postoffice.

Bulliton.-Twenty-seven bars of bulon from the Highland furnace were in ant of Jno. Roeder's store yesterday. by claim that the value of the silver se bars is between five and six bunked dollars per ton.

TELEGRAPHIC NEWS. -- The latest teleraphic news is to the effect that U. S. toops have been ordered from South Carolina to Florida, and that they passed through Savannah, Georgia, on the 16th

SUBSCRIBERS TO THE RECORD. - Subscribers to the RECORD will please settle up their arrears for the same. All new subscribers must pay in advance. Papers sent after date unless paid for.

For Ward .- Five Mormon wagons caded with lumber and stoves started for Ward City yesterday.

Escape or "Tex."-We publish the following additional in regard to the escape of "Tex," who killed two men at Park City, Utah, on Friday last. The report is taken from the Tribune of the 12th inst.: The man "Tex," who killed the negro barber and John Wright, at Park City on Friday, followed the news to this city. He lit out for Salt Lake, and, overtaking a team, paid the driver two dollars to ride to. He was dumped in front of the Postoffice only a short time after the Park stage arrived. The officers heard of it just in time to be too late, as the fellow left on the evening train for Ogden.

COAL AT HIGHLAND. -The furusce at Highland will probably have to close down in three or four days, owing to the short supply of charcoal on hand. and the difficulty of obtaining the same. It seems that all of the charcoal burners have been holding off, afraid to make coal, for fear that the furnace would not prove a success, and that then they would have a supply of coal on hand that they could not use. Now since the success of the furnace has been assured, they all want to start in and contract for same. It makes it bad for the owners of the furnace, but under the circum stances there is no remedy until coal is

PETER COOPER IN LINCOLN COUNTY .-We understand that four votes were placed in the ballot box at Hiko from which the name of Samuel J. Tilden for President was stricken off and Peter Cooper's name took his place. As the electors on the ticket were not scratched, however, the votes will be of no account to Uncle Peter. There is nothing surprising in this when we hear that Brick Pomeroy's paper has several subscribers

OUT IN THE COLD. - The various mem bers of the noble fraternity of "stiffs." otherwise old bums, who were the recipients of marked attention from candidates before election, are now left out in the cold with none so poor as to do them reverence. They think, alss! how things have changed. A few short days since and stimulants for them were as free as air, but things have chopped since those good old days, and will no more return for two years.

DELATED .- The starting of the steamer for Sait River is delayed until the official count to-day, when the vote on several candidates which are now doubtful will be decided. Some of the candidates have their baggage packed and are suxious to start, but they will have to wait until their companious in misfortune are ready to go. No fare will be charged.

REMOVAL,-J. Eisenmann & Co. have about concluded the removal of their stock from their old building on Main street, adjoining the Philadelphia Brewery, to their new stone store, formerly occupied by Ph. Felsenthal, on Msin street, and are now ready to supply cus-tomers with all kinds of hardware, chinaware, stoves, or anything in their line at the new depot-

BULLIONVILLE FURNACE. - During the short run of this furnace bullion valued at from \$350 to \$320 per ton was turned The contract for a supply of charcoal has been made, but it will be two weeks before the furnace starts again. Sixty bars are on hand at the furnace.

THE RETURNS. - The box from El Dorado Canyon had not arrived in Pioche up to six o'clock last evening. The chances are that owing to the Registry Agent not qualifying no returns will be sent from that precinct, so that the count to-day will proceed without that

FROM LEEDS .- We received the following dispatch on Wednesday last from "Rattler Ferris," a mine-owner at Leeds, which explains itself: "Toquerville, Nov. 15, 1876.—Ploche Record: There has been heavy discoveries this week in Leeds mines." J. S. Ferris."

DIED AT VIRGINIA CITY .- From a telegram received on Wednesday last by P. J. Cullen we learn that Mrs. David Murray, a former resident of Pioche, died at Virginia City on the night of November 14. 1876. She leaves a husband and four children to mourn her loss.

Taxes. - Don't forget to pay your taxes on or before the 20th inst., for if not settled by that time the usual ten per cent, will be added. Ten per cent, will be a large percentage to pay for the small additional time gained by not paying by the 20th inst.

FURNACE AT HIGHLAND .- The furnace at Highland up to Wednesday afternoon was working very successfully and at that time had already turned out twelve bars of bullion, with good prospects of a continuation of the same kind of work for some time.

TRIAL JURORS.-Trial jurors will take notice that they are required to be present at the District Court to-day at ten o'clock.

FOR TOQUERVILLE .- Miss Kate Doug ray, Mrs. Hanraban, Mrs. Quillen, Cas. Bowen and Jim Leffingwell left Pioche yesterday for Tocquerville.

Four passengers departed by Wednesday morning's Hamilton stage; one for the East, one for Virginia City and the balance for Ward City.

TAXES. - Taxes are coming in very slowly. Up to Wednesday night only about \$3,800 had been paid in.

THERE were no departures on the buckboard for Eureka yesterday morn-

THE Salt Lake stage arrived last evening at six o'clock without passengers for Pioche.

FROM LEEDS .- We perused last evening a couple of letters from the above place which had just arrived in Pioche. The accounts given were not so favorable as others previously received. Leeds is about a mile from the town of Bonanzo, where most of the business will in future be transacted. Mrs. Grambs is copping a restaurant at Leeds and thinks of moving to Bonanza. Pete Heintzelman and P. Lehigh bave a grocery store in a canvas tent and are doing a fair business. Groceries and provisions are very scarce and bring a good price. W. Wright and Finlayson were at Leeds, having been to St George at the Conference, Brigham Young being present. Jim Wright hired a Mormon to saddle mp his horse in Torquerville, and the Mormon, who was full of Dixie, wine saddled up one of his own horses by mistake. This horse "Jim" took and rode to Leeds without discovering that be was on the wrong animal, and 'now the boys in Leeds are debating amongst themselves as to who had the most of the Dixie wine-the man who saddled the horse or the one who rode him off. Money is very scarce in the place accord-

FROM DARWIN CITY .- T. S. Harris, editor of the Coso mining News, comes out in an editorial in his issue of November 4th in regard to the New Coso Mining Company's affairs and in regard to H. Mathey (a former resident of Pioche), the Superintendent. He also says that threats have been made against him and that threats had been made against his life. On the Monday pre-ceding the issue he had been interviewed by Kiv Phillips (formerly of Pioche), who stated to him that if he ever said anythe Lucky Jim mine, or Mr. Mathey. Superintendent of that mine, he (Kiv) was coming after him. The result of the interview at the time was that no blood was shed, but we expect be-fore long to chronicle a "desperate" encounter as having occurred at that place. Kiv had better go a little slow as it is rather a bad thing to meddle with a man that slings ink or handles Faber.

A WALKING NEWSPAPER. - A great many people think a local reporter is a walking newspaper, and a reliable compilation of all election returns or news. During every day for a week past, whilst the Presidential election is so much in doubt, every man we met hailed us with the query. "What is the news? Is Tilden or Hayes elected?" Somequestion as soon as we had arisen ame on the street, and within balf an hour after they had read the latest news in the morning paper, and all seemed surprised when we told them we did not know. A newspaper reporter knows a great many things, but the popular idea that he knows everything is erronous.

THE ELECTION AT EURERA.-We take pleasure in noting the fact of the election of A. C. Bishop, of Eureka, for Public Administrator of that county. The voters of Eureka could not have made a better selection; also that of Chase, for County Becorder of that county. Judge Harmon was elected by a handsome majority as County Clerk of that county.

FROM WARD .- Jim Leffingwell returned to Pioche Wednesday morning from Ward City on his way to Tocquerville, Utah. Jim has sold his interest in Ward City and intends locating in Tocquerville. He says that the furnaces were in full blast at the time he left and were doing some first-class work, all reports to the contrary.

STAGE FOR TOQUERVILLE.-Gilmer & Salisbury are now making arrangements to change the ronte of their Salt Lake stage line, so that it will run direct from Pioche to Toquerville, thence to Salt Lake City, returning the same way. The alteration will be made very shortly to accompdate the increased travel to

A HOAX.-A story was circulated around Pioche on Wednesday last that John Morrissey, of New York, had walked off to Canada with the pool box containing a million or two of dollars. There was no truth in it and it was on a par with a thousand other grapevine rumore that have had their run since the

WOLF MOUNTAIN .- The latest mining news comes from Wolf Mountiain, where we hear there is considerable excitement regarding late mineral discoveries.
Wolf Mountain is situated 160 miles
south of Deep Creek, which is on the
dividing line between Nevada and Utah. and eastward of Pioche.

CONSTABLE OF WARD CITY.-We learn from Jim Leffingwell who arrived in Pioche yesterday, that Hank Knerr was elected Constable of Ward City by a majority of sixty votes over his opponent, Jim D-ane. Both were former residents of Pioche. Hank Knerr will make a good officer.

RETURNS FROM THE MUDDY -The ballot box with the election returns from St. Thomas and the Muddy election precinct, strived in Pioche on Wednesday last. This is the last of the returns with the exception of Et Dorado Canyon.

OFFICIAL COUNT .- The official count of the election returns of Lincoln county will commence to-day, (Friday) at 12 o'clock. If the returns from any precinct are not in by that time, they will be ruled out according to the law made and provided in such cases.

BULLION SHIPMENT .- Wells, Pargo & Co. shipped builion yesterday valued at Bronchitts.

FROM John Flagg, Esq., of Bennington, N. H .- "Three years since I was very much reduced with a dreadful cough, which resulted in Bronchitis, affectinff me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweater and I was fearful of going into a decline. After recourse to various remedies to no purpose, I made use of Dr. Wistar's BALSAM OF WILD CHERRY, a few bottles of which fully restored me to health. Since that time I have had several severe attacks of cough, but the Balsam has always removed them. I always keep it by me, and should not know how to do without it." Sold by all druggists. n17-1m
